Public Comment:

Robert Tafoya presented his concerns about the dangerous traffic through the Town of Moffat. Tafoya asked the Commissioner’s to reach out to Colorado Department of Transportation to see if there is any way it can be monitored.

Tony Jennings stated that he would like to see a list of all the people who have received a letter about blight. He feels that there are a lot of people with the same blight as him and it is not fair that he is the only one that has to clean it up.

COMMISSIONER REPORTS:

Jason Anderson

- 9/4 – Had the pleasure of cooking breakfast for the employees of Saguache County.
- 9/6 – Attended the CCI Executive Board Meeting to finalize the CCI Budget and review bids for winter and summer conference sites.
- 9/9 – Attended the Valley-Wide Commissioners Meeting to review funding presentations.
- 9/10 – Attended the Saguache County Commissioners Work Session.
- 9/11 – Registered for the Colorado Outdoor Industry Leadership Conference on October 3rd – 4th.
- 9/14 – Attended the 5th Annual Penitente Bike Race in Saguache County.

9/16 – Attended the Rio Grande RAC Meeting for SRS Title II Funds. Have been kept informed of the Decker Creek Fire by Robert Woelz, Saguache County Emergency Manager.

Tim Lovato

9/4 – I, along with the other commissioners, helped fix the Employee’s Appreciation Breakfast. There was a great turn out and appreciated by the employees. The real work doesn’t come from fixing the meal but setting up and taking down the tables and chairs. Thank you to the employees that helped.

9/9 – Attended the San Luis Valley Commissioner’s Budget Meeting in Alamosa and listened to the requests for money for various programs.

9/10 – Attended the Work Session on Sales Tax Grant Requests, I believe all of the requests received some money.

9/11 – Drove several County Roads checking on their conditions. County Road AA east of Highway 17 needs the wash boards taken out, as well a County Road 61 north of County Road AA.

9/12 – Met with Jack Brizinskle and David Brown from the Doyleville area to discuss the right-of-way issue of County Road 25-TT.

This was an issue this spring regarding the amount of snow and where to put it when the road was plowed. After the discussion on 25-TT, I drove the Sargents and visited with several constituents.

9/16 – Attended the Census Meeting in Alamosa on the upcoming Census for 2020. There will be a public announcement coming in November and then the big push will begin in January. On the way home I stopped and looked at the Conditional Use Request that will be presented this afternoon.

After the Work Session on September 9th, it was brought to my attention that I should not have met with the Colorado Division of Wildlife Officer at the Administration Building. It was brought to the commissioner’s attention by a county employee. I have checked board policies and State Statutes as to where a County Commissioner should meet. I found no policy or statue as to where a commissioner should meet with another government employee or agency. It concerns and amazes me that a Department Head or County Employee can tell a County Commissioner through another commissioner where he should be meeting.

Ken Anderson

9/4 – Cooked breakfast for the Saguache County Employees. We had a good turnout and the employees enjoyed it.

9/6 – Went to Walsenburg to the CCI Meeting for the Southern District. There are a lot of bills being put together for the State Legislature.

9/9 – Attended the San Luis Valley Commissioners Meeting for the Budget Requests.

9/9 – Attended the Commissioner’s Work Session; we discussed County Road 52.5.

Talked with Jed Ellithorpe about the airport and the drones.

9/16 – Attended a DRG Meeting.

Drove multiple county roads.
