

## SAGUACHE COUNTY CONSTRUCTION PERMIT INFORMATION

The fee are as follows:

0 to 500 square feet is \$60.00
501 to 3000 square feet is \$0.11/square foot + \$60.00 Admin Fee
3001 sq. ft. to 6000 sq. ft. is \$0.10/square foot + \$60.00 Admin Fee
6001 sq. ft. to 10,000 sq. ft. is \$0.09/square foot + \$60.00 Admin Fee
Any construction permit that is built over 10,000 sq. ft. and above will be \$0.08/square foot + \$60.00 Admin Fee

Accuracy of square footage is important. Square footage will be reviewed by the Saguache County Assessor's office at the time of appraisal. Any structures with square footage over 25% of that permitted will be billed for the excess amount owed plus penalty. To avoid penalty if your plans change to include a larger structure after your permit is issued, contact the Land Use office to modify your permit.

Beginning construction or moving a structure on to property without first purchasing a permit will have an administrative fine of double the amount of your permit added to your permit fee. Any application that is incomplete will be returned to the landowner.

A sketch plan showing all improvements already existing on property and any new structures to be constructed, showing footage from all side of parcel must be attached to your permit.

The State of Colorado and the County of Saguache have certain requirements which must be met when constructing buildings intended for human occupancy. The purpose of these requirements is to protect the health, safety and welfare of the occupants and any person who might enter these structures.

Any dwelling in the State of Colorado must be serviced with an adequate sewage disposal system. This may take the form of a central sewage system or an Onsite Waste Water Treatment System (OWWTS). These systems must be permitted and inspected by the County prior to any occupancy.

At the completion of construction, applicant must supply Saguache County Land Use office with copies of approved State plumbing, gas, and electric permits, if required. Permits will remain incomplete until these copies are supplied.

There shall be a minimum setback of ten (10) feet from all property lines except where a public road easement exists, and then there shall be a minimum of twenty-five (25) feet from the edge of said easement.

Wells may only be drilled by State Licensed Contractors. Permits are obtained through the Colorado Division of Water Resources.

In Saguache County any manufactured housing brought into or relocated within the County must meet requirements of the National Manufactured Housing Construction and Safety Act of 1974, 42 USC Section 5401, et, seq., (commonly known as the HUD act.) or an equivalent code. Any structure older than 20 years must first be given County approval before it can be placed on any property or brought into Saguache County.

**A County Road address must be obtained before your Construction Permit can be issued. Contact the Saguache County Land Use office for a property address at 719-655-2321 and Saguache County Road and Bridge for a drive way access permit at 719-655-2554.**

ARTICLE XIII  
CONSTRUCTION PERMIT

**XIII.1. General Provisions**

The Board of County Commissioners recognizes the need to protect the public while maintaining an environment that encourages the development of diverse structure styles and methods. It is also understood that it is in the best interest of the county as a whole to preserve a diverse economic structure in which all residents can obtain suitable housing.

**XIII.2. Purpose**

These regulations are designed and enacted for the purpose of protecting the health, safety and welfare of present and future inhabitants of Saguache County, Colorado, by insuring that all new structures and dwellings conform to current State electrical, plumbing, gas and sewage regulations.

**XIII.3. Authority**

The authority to establish the following regulations is provided for, without exclusion, in Article 20 of Title 29 C.R.S., Local Government Land Use Control Enabling Act, and Article 28 of Title 30 C.R.S., County Planning and Building Codes.

**XIII.4. Application Information and requirements**

This article shall apply to ALL structures or dwellings constructed within the unincorporated areas within Saguache County. It shall also apply to all types of manufactured housing, including mobile homes, brought into the County from other counties or states, or relocated within the County after the date of its adoption.

In addition, this article applies to barns, storage facilities, greenhouses or other structures, which are NOT intended for human occupancy.

XIII.4.1. All structures being used for storage must be painted an earth tone and all advertising must be either painted over or removed.

XIII.4.2. Construction permits expire two (2) years from the date of issue. If construction is not completed within the two-year time limit you may request one (1) extension for a six (6) month period. Any extension must be presented to the Board of County Commissioners for approval. Pictures must be supplied for extension to show progress.

XIII.4.3. Recreational vehicles (RV's, campers etc.) may only be occupied a maximum total of sixty (60) days during construction process. Recreational Vehicles (RV's, campers etc.) may not be used as a permanent residence.

Saguache County Land Development Code  
effective August 21, 2018

- XIII.4.4. Any person seeking to engage in development in any designated wildlife habitat shall apply for a permit from the Saguache County Land Use office on the appropriate form as prescribed by these Regulations and maintained in the office of the Saguache County Land Use Administrator.
- XIII.4.5. The Saguache County Land Use office staff may inspect any parcel of land for which a Land Use Application has been received, and a staff member may make a recommendation to mitigate any issues that arise from the inspection. There shall be a fee charged to the landowner/applicant for the Land Use
- XIII.4.6. Application, and this inspection, on any property located within a designated wildlife habitat area as determined by maps supplied by the Colorado Parks and Wildlife. There shall be a fee charged to the landowner/applicant for this application and inspection on any property located within a designated wildlife habitat area, as determined by maps supplied by the Colorado Parks and Wildlife.
- XIII.4.7. Applications for permits shall include the following:
- XIII.4.8. A non-refundable application fee to cover the cost of processing.
- XIII.4.9. Proof of ownership of the land on which the structure is to be located, or a letter from the owner acknowledging their approval of the structure's placement.
- XIII.4.10. A sewage disposal permit must be purchased at the time of applying for a construction permit. Composting toilets shall not be allowed for commercial purposes.
- XIII.4.11. A copy of water well permit, water court decree or other agreement providing for water service, if required.
- XIII.4.12. A physical address from the Saguache County Land Use office. A County Road Access Permit may also be required from the Saguache County Road and Bridge Department.
- XIII.4.13. Waste products from any construction shall be disposed of property so as not to cause risk for consumption by others or as not to attract rodents, pests and public curiosity.
- XIII.4.14. At the completion of construction applicant must supply Saguache County Land Use office with copies of approved State plumbing, gas and electric permits, if required. Permits will remain incomplete until these copies are supplied.

Saguache County Land Development Code  
effective August 21, 2018

It is encouraged that all electrical utility lines be placed underground.

XIII.4.15. A sketch plan showing all improvements already existing on property and new structures to be constructed, showing footage from all sides of parcel. Also, sketch plan must show all access roads used to access parcel to be built on.

XIII.4.16. There shall be a minimum setback of ten (10) feet from all property lines except where a public road easement exists, and then there shall be a minimum of twenty-five (25) feet from the edge of said easement.
